NOTICES

Spanish Language Documents Available

The written exam for the CSAC and the Board's informational brochure are now available in Spanish. It is hoped that the remainder of the Board's materials including all application packets and the *Credentialing Procedures Manual* will be translated within the next year. Please contact the Board office for more information. Paola in the Board office can provide telephone assistance in Spanish.

DWI Assessment Fee And DMV Evaluation Fee

Last year the North Carolina General Assembly approved an increase in the amount of the fee for a DWI Assessment (commonly referred to as a "508" form). The fee was increased from \$50.00 to \$100.00. Please remember that the fee for a DMV Evaluation DID NOT increase at the same time. That fee remains at \$65.00.

Change Of Address

All certified professionals and applicants are reminded that North Carolina law requires you to notify the Board of any change of address, either home or business, within 30 days.

Announcement

Previously, the Board has required that signatures on the Letters of Reference for the Licensed Clinical Addictions Specialist be from persons who hold both a master's degree and a CSAC or LCAS. In further review of the statute, it appears as though the persons who were grandparented into the LCAS with less than a master's degree may also sign the Letters of Reference and that only the CSAC's must also hold a master's degree. The Board hopes this is of help to persons completing their application packets.

Home Study Expanded To Include Initial Credentialing Hours

For a number of years, the NCSAPPB has allowed up to 25% of renewal hours in home study if those courses had been pre-approved by the Board or by an organization granted Deemed Status with the Board. The Board is happy to announce that such preapproved home study may now be counted for up to 50 percent of the hours required for any initial credentialing or for the renewal of any credentialing.

If you have questions about whether or not a course has been preapproved, please contact the Board office for more details.

US DOT SAP Providers

Recently the United States Department of Transportation required that anyone who performs US DOT assessments must have completed a course of study on DOT guidelines and passed a national examination in addition to being credentialed with various groups (IC&RC member boards, NAADAC, EAPA). While many CSACs and CCASs have taken the exam offered through the IC&RC and its member boards, some have taken other national exams. If you would like your name to be noted, please furnish to the Board a copy of the certificate documenting your successful completion of the training and written exam of the other professional discipline.

HIV Training

Please remember that HIV Training for Licensure/Certification/Renewal is all encompassing and includes HIV/AIDS/STD's/TB/Blood-borne Pathogens (including Hepatitis).

NOTICES

Upcoming Training Calendars

Questions frequently arise about making submissions in time for the printing of the bi-monthly newsletter. In an attempt to assist agencies in having trainings listed in our calendar, the Board would encourage all providers to submit upcoming training events no less than 60 days prior to the scheduled event. Additionally, some agencies submit to the Board annually or semi-annually their entire training calendar. The Board is happy to publish those events with approval numbers pending.

Do You Want Your Name Listed?

Due to the increasing number of persons who are interested in contracting as a clinical supervisor, the Board has been asked to list on its website those persons who are willing to serve in this capacity on a contractual basis.

If you are interested in making sure your name is posted, please send a confirmation email to jim@recanc.com.
