

## **Jim Scarborough Announces Resignation From The NCSAPPB**

Board's Executive Director Accepts Position in  
Washington, DC

**J**im Scarborough, Executive Director of the NC-SAPPB since 1991, has accepted the new position of Director of Research and Special Projects at the State Associations of Addiction Services (SAAS) in Washington, DC, and will begin his new work on March 1. SAAS is the only national organization of state alcohol and drug abuse treatment and prevention provider associations. Through its member associations, SAAS has a direct link to the thousands of prevention and treatment programs that are the core of the publicly-supported substance abuse system. Since its founding in 1987, SAAS has been a leading advocate for addiction prevention and treatment providers. SAAS and its member state associations work together to increase federal and state funding, expand services and improve the quality of treatment, prevention, training and research.

The mission of SAAS is to ensure the availability and accessibility of quality alcohol and other drug treatment, prevention, education and related services throughout the country. SAAS serves as an information broker and advocate, linking state associations with national developments such as evidence-based practices and providing input to federal organizations on the needs of community-based service providers and their clients.

Since 1996, working in partnership with the Legal Action Center and other advocacy organizations, SAAS has helped to secure federal funding increases of over one billion dollars for addiction treatment, prevention and education services and for research. Recognizing these and related efforts, the Robert Wood Johnson Foundation awarded SAAS a major grant to assist in establishing a national office in Washington and building provider associations in all states. North Carolina has long been a member of SAAS through its state chapter, the North Carolina Association for Behavioral Health Care.

Jim's major responsibility will be the development and management of applied research and projects that advance the mission of SAAS and take advantage of SAAS' unique access to the treatment and prevention field through our member state provider associations. SAAS has been successful in attracting government and foundation support for such projects and should have more opportunities. "I am very pleased that someone who knows providers and understands the role of state associations will be joining SAAS and I look forward to introducing Jim at the Spring Membership Meeting," said Howard Shapiro, Executive Director of SAAS.

## Notice Of Reprimand To Harold J. Lilly

**T**he Board hereby reprimands Harold G. Lilly for his repeated, fraudulent statements and misrepresentations that he obtained an undergraduate degree from the University of North Carolina at Pembroke. These misrepresentations are contained in his applications to the Board and to others who read his resume representing that he obtained an undergraduate degree from a branch of the University of North Carolina, a highly respected institution of higher learning.

He has held himself out as a substance abuse professional with an exceptionally high educational status, a doctorate degree, from an institution, Pacific Western University. At the time he attended this school, it accepted persons into its doctorate program who had not attained a master's degree or even an undergraduate degree prerequisite to a doctoral program. At that time, the University was "authorized" and later "approved" by the State of California. Not only was this process unusual but the fact that the status of Pacific Western University, at the time of his matriculation in 1994, was that of an institution not fully accredited by the U.S. Department of Education or other widely recognized educational accreditation authority, is the proper subject of evaluation by the public as to the weight of his title and educational credential.

Finally when this matter was made the subject of an inquiry by the Board, Respondent Lilly provided responses such that he carefully avoided ownership of his misdeeds, thus failing to demonstrate remorse by failing to take responsibility for his actions and adding to the basis for this action by the Board.

In taking this action, he is charged to heed this REPRIMAND, that it will be remembered by him, that it will be beneficial to him and that he will never again allow himself to depart from adherence to the high ethical standards of the substance abuse professional.

## Exam Dates For 2007

*All exams are held in Burlington, NC*

### Written Test Dates

*[deadlines for all exams is sixty (60) days prior to testing date]*

## NOTICES

### NEW!!!—Spanish Materials Now Available

The board is pleased to announce that all application packets, the Credentialing Procedures Manual, the informational brochure and the CPM (oral exam) test materials are now all available in Spanish. Additionally, if one is an applicant for the Certified Substance Abuse Counselor (CSAC) credential, that written exam is available upon request from the IC&RC/AODA in Spanish as well. Requests for materials from the board should note if Spanish materials are needed.

### HIV Training

Please remember that HIV Training for Licensure/Certification/Renewal is all encompassing and includes HIV/AIDS/STD's/TB/Blood-borne Pathogens (including Hepatitis).

### Change Of Address

All certified professionals and applicants are reminded that North Carolina law requires you to notify the Board of any change of address, either home or business, within 30 days.

### Job Announcements Advertising Rates

The Board is pleased to provide an opportunity for agencies to advertise job openings in the NCSAPPB Newsletter. The rates per job announcement are \$25.00 per 100 words with a maximum of \$100.00 for 400 words.

### Upcoming Training Calendars

Questions frequently arise about making submissions in time for the printing of the bi-monthly newsletter. In an attempt to assist agencies in having trainings listed in our calendar, the Board would encourage all providers to submit upcoming training events no less than 60 days prior to the scheduled event. Additionally, some agencies submit to the Board annually or semi-annually their entire training calendar. The Board is happy to publish those events with approval numbers pending.

### Do You Want Your Name Listed?

Due to the increasing number of persons who are interested in contracting as a clinical supervisor, the Board has been asked to list on its website those persons who are willing to serve in this capacity on a contractual basis.

If you are interested in making sure your name is posted, please send a confirmation email to [anna@recanc.com](mailto:anna@recanc.com).

**Jim Scarborough**

—continued from page 1

Carol-Ann Tucker, President of the Board, commented that “on behalf of the North Carolina Substance Abuse Professional Practice Board, I offer Jim our congratulations as he embarks on a new endeavor in Washington. The board has been very fortunate to have him as Executive Director, navigating us through sixteen years of positive advancement for the substance abuse profession. We were sad to learn of his departure from the Board, as well as North Carolina, but elated that he is moving forward in his career. The board knows that he leaves us on solid footing to continue the work at hand. The knowledge he possesses from his diligence in treating the position as not just a job, rather a calling, made us feel very secure. He has been as close as a phone conversation or email with an answer to any possible question.”

“I leave North Carolina after over 30 years with a mixture of excitement and sadness,” Jim said. “I am extremely excited about this new position and look forward to the challenges it will bring. But, I will miss my friends in North Carolina and my work with the board. As I look back over my sixteen years as Executive Director, I have seen the board grow from a voluntary organization with about 500 certified counselors to a statutorily-based state occupational licensing board offering six credentials with over 2,100 people holding those credentials and many more in the process. I shall always remember my time with the board as some of the best of my career.”

Assuming the duties of Executive Director is long-time Associate Executive Director Anna Bridgers Misenheimer. Anna, who came to work with the board in 2000, begins her new role on February 26.

Individuals who meet eligibility requirements may nominate him/herself to run for a seat on the board. Eleven certified/licensed professionals are chosen by ballot by the certified/licensed professionals with the board.*

**North Carolina Department Of Health And Human Services Initiates Statewide Problem Gambling Services**

The North Carolina Department of Health and Human Services (DHHS) is responsible for the development and implementation of a statewide problem gambling services program. Legislation creating the North Carolina State Lottery in August 2005 requires a transfer of \$1 million annually to DHHS for the support of problem gambling prevention and education, outreach and treatment programs. DHHS has delegated the administration of the Problem Gambling Program to the Division of MH/DD/SAS.

The North Carolina Problem Gambling Helpline (1-877-718-5543) has been in operation by the Division since March 2006 and under contract by Bensinger, Dupont and Associates since October 2006. The Helpline provides a toll-free statewide problem gambling helpline available 24/7 with options for Spanish as well as English. The helpline will link people wanting and needing services to available resources.

The Division will be developing a registry made up of licensed professionals. Toward this end, the Division is eager to provide broad-based training for licensed professionals with an interest in problem gambling treatment. This training is being offered as a foundation for the development of a North Carolina Problem Gambling Program (NCPGP) Registry made up of licensed professionals who will be authorized under the program to provide treatment services. Regional training will be offered through participating AHECs beginning in March 2007. Registration will be \$25.00 for the two-day training and participants will receive 15 hours credit for attending both days. Participation in this training does not assure that a provider will be selected for the NCPGP Registry. This training will be accepted by the NCSAPPB toward initial credentialing as a CSAC, CCJP, LCAS or CSAPC and for renewal of those credentials as well.

Please direct inquiries to: North Carolina Problem Gambling Program, Attn.: Smith Worth, Program Administrator, 3004 Mail Service Center, Raleigh, NC 27699-3004 or *smith.worth@ncmail.net* or 919-733-0696.

**Applications Without Payments**

Recently the board has received a number of applications for certification, licensure and training approval without payment or with notations that payment will follow. This makes it difficult for staff to maintain complete records on payments received by the board. Therefore, beginning on April 1, 2007, any application received without payment will be returned to the applicant or provider.

Additionally, it has long been the policy of the board not to accept applications or training approval requests by fax. Please note that, unless otherwise notified, applications received by fax will not be processed but will be returned to the applicant or provider.

**Announcement**

Previously, the Board has required that signatures on the Letters of Reference for the Licensed Clinical Addictions Specialist be from persons who hold both a master’s degree and a CSAC or LCAS. In further review of the statute, it appears as though the persons who were grandparented into the LCAS with less than a master’s degree may also sign the Letters of Reference and that only the CSAC’s must also hold a master’s degree. The Board hopes this is of help to persons completing their application packets.

**Home Study Expanded To Include Initial Credentialing Hours**

For a number of years, the NCSAPPB has allowed up to 25% of renewal hours in home study if those courses had been preapproved by the Board or by an organization granted Deemed Status with the Board. The Board is happy to announce that such preapproved home study may now be counted for up to 50 percent of the hours required for any initial credentialing or for the renewal of any credentialing.

If you have questions about whether or not a course has been preapproved, please contact the Board office for more details.

**US DOT SAP Providers**

Recently the United States Department of Transportation required that anyone who performs US DOT assessments must have completed a course of study on DOT guidelines and passed a national examination in addition to being credentialed with various groups (IC&RC member boards, NAADAC, EAPA). While many CSACs and CCASs have taken the exam offered through the IC&RC and its member boards, some have taken other national exams. If you would like your name to be noted, please furnish to the Board a copy of the certificate documenting your successful completion of the training and written exam of the other professional discipline.

**DWI Assessment Fee And DMV Evaluation Fee**

Last year the North Carolina General Assembly approved an increase in the amount of the fee for a DWI Assessment (commonly referred to as a “508” form). The fee was increased from \$50.00 to \$100.00. Please remember that the fee for a DMV Evaluation DID NOT increase at the same time. That fee remains at \$65.00.

*ReadyToTest.com*

ReadyToTest.com provides an online practice exam for the CSAC.

The online exam is \$35.00.

A new Clinical Supervisor Study Manual is available at NCSAPPB for \$79.00.

Available January 1, 2007 — new Prevention Study Guides

The cost is \$79.00.
