### US DOT SAP Providers

Recently the United States Department of Transportation required that anyone who performs US DOT assessments must have completed a course of study on DOT guidelines and passed a national examination in addition to being credentialed with various groups (IC&RC member boards, NAADAC, EAPA). While many CSACs and CCASs have taken the exam offered through the IC&RC and its member boards, some have taken other national exams. If you would like your name to be noted, please furnish to the Board a copy of the certificate documenting your successful completion of the training and written exam of the other professional discipline.

### Announcement

Previously, the Board has required that signatures on the Letters of Reference for the Certified Clinical Addictions Specialist be from persons who hold both a master's degree and a CSAC or CCAS. In further review of the statute, it appears as though the persons who were grandparented into the CCAS with less than a master's degree may also sign the Letters of Reference and that only the CSAC's must also hold a master's degree. The Board hopes this is of help to persons completing their application packets.

### Notices

#### Spanish Language Documents Available

The written exam for the CSAC and the Board's informational brochure are now available in Spanish. It is hoped that the remainder of the Board's materials including all application packets and the *Certification Procedures Manual* will be translated within the next year. Please contact the Board office for more information. Paola in the Board office can provide telephone assistance in Spanish.

#### Upcoming Training Calendars

Questions frequently arise about making submissions in time for the printing of the bi-monthly newsletter. In an attempt to assist agencies in having trainings listed in our calendar, the Board would encourage all providers to submit upcoming training events no less than 60 days prior to the scheduled event. Additionally, some agencies submit to the Board annually or semi-annually their entire training calendar. The Board is happy to publish those events with approval numbers pending.

#### Attention All DMV Evaluators

All persons who perform DMV Evaluations for the North Carolina Division of Motor Vehicles are reminded that you **MUST** have attended the 2003 or 2004 training or retraining in order to perform these evaluations. Persons who did not train or retrain at that time are no longer eligible and may not perform such evaluations until retrained. For more information, contact the Board office.

#### HIV Training

Please remember that HIV Training for Certification/Recertification is all encompassing and includes HIV/AIDS/STD's/TB/Blood-borne Pathogens (including Hepatitis).

#### Change of Address

All certified professionals and applicants are reminded that North Carolina law requires you to notify the Board of any change of address within 30 days.

## Supervision

The Board has received many inquiries of late regarding “distance supervision.” After careful review, the Standards Committee of the Board has issued the following statement. “If supervision is ‘live,’ interactive and visual, it can be accepted for credit. Video supervision with no interaction with the facilitator does not fit under current guidelines of the Board.”
