

CRITERIA C UPDATES

FEBRUARY 2026

Criteria C Program Web Page - School Websites

On our Criteria C [webpage](#) we have each school and program listed, along with a direct link to the Criteria C program's webpage. Many of these links are dead or go to a different page.

Please make sure that your link is correct and that it goes DIRECTLY to the Criteria C program's page. It should NOT go to the Department or School's page nor to a page that is going to require applicants to click through multiple pages to get to the Criteria C program information. If yours needs to be updated, please email me the correct link. If it is correct, please confirm that via an email.

This needs to be completed by March 31, 2026. If the link we have for you at that time is not valid, your school and program will still be listed on our Criteria C webpage, but there will be no link to your school's site. Please email [Donna Strickland](#) with any questions.

REMINDER - Supervisor Evaluation of 300-hour Practicum

The process for applicants who have completed a Criteria C degree has, for some time, been looking a little different. In addition to providing the Board with a completed official master's degree transcript, the applicant is now required to download a copy of a form called "*Verification of 300 Hour Supervised Practicum*" and present this to their CCS/CSI internship supervisor. The CCS/CSI will complete the evaluation and return it to the applicant. The applicant will then scan and upload this form to their application in LearningBuilder.

This new step ensures that Criteria C applicants are completing their degree internships under the supervision and direction of NCASPPB Certified Clinical Supervisors and Clinical Supervisor Interns (CCS/CSI).

REMINDER - Administrative Processing Fee for Criteria C Program Review

Since January 1, 2025, there has been an Administrative Processing Fee required for all Criteria C program reviews. This is for both Criteria C renewal reviews **and** new program requests.

The fee schedule is as follows:

- Renewals \$500
- New Programs \$500

The next round of renewals has begun and the invoices for these fees are being emailed out with the one-year renewal reminder emails. Payment is not due until prior to submission of the review documents. There is additional invoice information included in the reminder email, as well as review guidelines and a template.
